DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Located within the block, this 3 story slight sloped roof building of running bond brickwork has been altered to include a shopfront. The upper floors have 2 bays.

The shopfront consists of two display windows flanking a central recessed glass door with an overhead air conditioner. Each display area consists of two plate glass panels. The inner one at an obtuse angle forming one side of the recessed entrance. The windows are set on a low base. There is a simple molded canvas over the entire shopfront and a scalloped canvas awning just below the cornice.

The tall second floor windows are 9-over-9 with stone sills and capped lintels. The left window cap is badly deteriorated. The third floor one-over-one windows have brick sills and their stone dintels. A row of brick dentils forms a simple cornice.
